JLT AND BEAZLEY OFFER NEW BROAD PROFESSIONAL SERVICES E&O PRODUCTS

Latham, NY - September 16, 2009 – JLT Facilities - ("**JLT**") a direct subsidiary of JLT Holdings Inc., and Beazley Insurance Company, Inc. ("**Beazley**") have teamed up to expand JLT's successful consultant's E&O program to hundreds of additional classes of business, specifically targeting today's professional services firms with technology relevant coverages. Expanding on JLT's program that started in 1974, this latest change has brought in "state of the art" policies and coverage forms. JLT has been underwriting professional services E&O business for major carriers nationally for over 30 years with a trained staff of underwriters and policy services professionals.

"Beazley offers a unique skill to the traditional US market that is refreshing and long overdue", according to Senior Vice President and Chief Underwriter Bill Gordon of JLT. While many traditional carriers are slow to innovate and narrowly focused on looking at what has happened in the past, Beazley looks to the future in their product design and offerings. New innovations to the traditional miscellaneous market include media, technology, general liability and internet security coverage as part of the offering. Beazley writes on an admitted policy form in most states and is an AM Best "A" rated carrier. This provides the policyholder with a financially secure carrier that is extremely user-friendly to do business with."

JLT offers Beazley's MPL Secure and Media Tech policies on an open brokerage basis in most states.
